Bell / Alarm / Alarm

Klingel Play Restore:

1

If music is playing on a zone, the music will continue to play at 1 after playing MP3. At 0, the player pauses.

Klingel Sync Restore:

1

If zones were synchronized before playback, they will be restored to 1. At 0, the players are no longer synced.

Ringer Volume:

25

If no other volume is specified when calling the MP3, this default value is taken. Recommendation 3-5.

Bell overlay:

0

Should the output be placed over the current music in progress? (like Navi in the car)

Bell Overlay Drop:

60

Lowering the volume to xx% of the event volume. eg. Event Volume = 50 Drop = 20% = Lower music to 10

Ring tone:

piano

If no MP3 file is specified when calling it will be taken as default.

Ringer timeout:

30

Here, the time is set after the MP3 is definitely ended.
